

## **Erratum: Monetary Policy Transparency as an Exchange Rate Determinant: Evidence from the United States**

*By* Mason Hardman

There are two errors in Hardman (2016): (i) The  $\tau$ -stat value for variable *debtgdp* in Table 3 (p. 9) should be -0.84 rather than -3.65. (ii) The first line of the first paragraph on p. 13 incorrectly references Table 5. The correct table is Table 6.
